Alpha Media President and CEO Bob Proffitt said, “The events of the last few weeks are reminding us that this is not a new problem but one that needs to be addressed right now. We have what many other companies do not have, a real medium for change. We should not and cannot allow it to go unused.”

Proffitt continued, “We are united in that we love the communities we live in. We are united in our love for broadcasting. We are united in the comfort that we have each other’s support. And today, I’m asking that we are united for justice.”
